DETAILED ACTION

Information Disclosure Statement

1. The information disclosure statement filed 4/21/2008 fails to comply with 37 CFR 1.98(a)(2), which requires a legible copy of each cited foreign patent document. The applicant provided a copy of an abstract for Japanese patent 01-295692 A, but not an actual copy of the reference. The examiner has lined through the abstract because it is not a foreign patent document and provided a copy of JP 01-295692 on the PTO 892.

Reasons for Allowance

2. The following is an examiner's statement of reasons for allowance: the prior art does not teach a method for wireless and non-contacting power and information transport in systems which include fixed and moving structural parts including : supplying a three-phase motor with a stator having a three-phase windings and a secondary part with three-phase windings as a drive for the moving structural parts, where the three-phase windings of the stator and the three-phase windings of the secondary part are connected in a star-shaped configuration with an accessible star point, the method including a four-pulse (diode) rectifier on the secondary part, using a fundamental current for driving the three-phase motor, using a neutral current for the transmission of at least one of power and information via the inductive coupling between the stator and the secondary part, where the neutral current is three times the power supply frequency and has the same phase angle in all windings so as to induce a non-traveling time-variable field, and where the star point is connected to allow the return

flow of the neutral current. The method includes supplying devices, arranged on the moving structural parts of the system, with at least one of power and information.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Karl I.E. Tamai at telephone number is (571) 272 - 2036.

The examiner can be normally contacted on Monday through Friday from 8:00 am to 4:00 pm. If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Mr. Darren Schuberg, can be reached at (571) 272 - 2044. The facsimile number for the Group is (571) 273 - 8300.
